From: Randy Francis

Subject: Assessment Procedures for National Referees and National Referee Candidates

The procedure for getting your game Assessed:

- Each Referee must request an Assessment by E-mail two week in advance to the SDA
- An Assessors will be assigned, after the game information is received
- The match Referee is responsible for all game fees, transportation, meals and lodging if required. The last information I have, is that the El Paso and Laredo teams provide a room for the assessor.
- The Assessment fee that requires a National Assessor is \$100... the match Referee should send a check or money order to Michael Day at the State Office made payable to STSR prior to the game date. Any mileage, meals and lodging should be sent (E-mail) on a STSR expense report to my attention for approval, and are the responsibility of the match Referee.
- Assessors will be reimbursed for their entire costs from STSR via the usual expense report procedure.
- USSF requires that each National Referee and National Referee candidate, have at least one (1) game Assessed by an Assessor, approved by US Soccer (Referee Inspector)...for a list of names, go to <http://www.ussoccer.com/referees/refdev/index.jsp.html>

Best regards and Good Luck...

Randy Francis
